

2015 Scandinavian Medical Tourism Conference

May 7-9

SAVE THE DATE

MAY 7-9, STOCKHOLM, SWEDEN

NEW 2015

A Scandinavian perspective: To further increase opportunities for business and cooperation, we're including Norway, Denmark and Finland into the scope of the conference.

Medical Tourism Research Forum: Under the guidance of Södertörn University, presentations and discussions of medical tourism industry related research, perspectives and facts will have their own parallel track at the conference.

Topic specific presentations: Take the opportunity to share your expertise, treatment success stories or case studies.

Not only B2B: Together with interested providers and patient organizations we will explore the possibility to open up for **B2C** during one of the conference days, enabling direct provider-patient contact.

Networking solution: All B2B participants will have access to a dedicated networking platform before, during and after the conference, for pre-scheduling and follow-up.

Customizable sponsorship opportunities include:

- Hold private luncheon or workshop
- Dedicate sponsor funds to hosted buyers
- Invite only networking session
- Sponsor a forum
